9/11 COMMISSIONERS

The co-chairs of the 9/11 Commission (Thomas Keane and Lee Hamilton) **said** that the CIA (and likely the White House) “obstructed our investigation”.

The co-chairs of the 9/11 Commission also said that **the 9/11 Commissioners knew that military officials misrepresented the facts to the Commission, and the Commission considered recommending criminal charges for such false statements**, yet didn’t bother to tell the American people (free subscription required).

Indeed, the co-chairs of the Commission now admit that **the Commission largely operated based upon political considerations**.

9/11 Commission co-chair Lee Hamilton says “I don’t believe for a minute we got everything right”, that the Commission was set up to fail, that people should keep asking questions about 9/11, that the 9/11 debate should continue, and that the 9/11 Commission report was only “the first draft” of history.

9/11 Commissioner Bob Kerrey said that “There are ample reasons to suspect that there may be some alternative to what we outlined in our version . . . We didn’t have access”

9/11 Commissioner Timothy Roemer said “We were extremely frustrated with the false statements we were getting”

Former 9/11 Commissioner Max Cleland resigned from the Commission, stating: “It is a national scandal”; “This investigation is now compromised”; and “One of these days we will have to get the full story because the 9-11 issue is so important to America. But this White House wants to cover it up”.

9/11 Commissioner John Lehman said that “We purposely put together a staff that had - in a way - conflicts of interest”.

The Senior Counsel to the 9/11 Commission (John Farmer) who led the 9/11 staff’s inquiry, said “I was shocked at how different the truth was from the way it was described The tapes told a radically different story from what had been told to us and the public for two years.... This is not spin. This is not true.”
